

A - Please fill in details and fax/email to us on (04) 576-5017 or solutions@els.co.nz

Name of Organisation: _____

Address/email where report is to be sent : _____

Contact Name: _____ Purchase Order: _____

Telephone: _____ Licence No: _____

Date Sampled: _____ Time Sampled: _____ Sampler: _____

MAF Seals Used: _____

Location of Sampling: _____

B – Please detail your sensory evaluation results on the following table

Sense	OK	Unusual
Taste		
Odour		

 Tick here if you require the full set of Check Analytes

The cell colours below match the ELS bottle labels

C – Please tick the Check Analytes that you require (Turn page over for Audit Suite)

Test	Limit	Cost	Bottle	Tick here	Test	Limit	Cost	Bottle	Tick here
Aluminium	0.2 g/m3	\$35	50mL red lid tube		pH	6.5 – 9.5	\$8	500mL non-sterile bottle	
Iron	0.2 g/m3								
Enterococci	Zero	\$18	500mL sterile bottle		Conductivity	275 mS/m	\$8		
E.coli	Zero	\$18			Colour	10 TCU	\$8		
Coliform bacteria	Zero	\$18			Turbidity	5 NTU	\$8		
Clostridium perfringens	Zero	\$22			Nitrite-Nitrogen	0.15 g/m3	\$10	100mL tube	
				Ammonia Nitrogen	0.39 g/m3	\$10			

D – Please tick if you require Human Consumption Tests

Test	Limit	Cost	Bottle	Tick Here
Faecal Coliforms	Zero	\$18	100mL sterile bottle	
pH	6.5 – 9.5	\$8	500mL non-sterile bottle	
Turbidity	5 NTU	\$8		

- 1) Please sample after 9am to give the couriers 24 hours to deliver the samples to us.
- 2) The pH and turbidity tests in the Check Suite can be used to comply with the HCT requirements.
- 3) Only the tests we perform will be charged
- 4) We will notify you if the micro temperature is above 10°C or below 0°C
- 5) We need at least 400mL to test all 4 check bacteria, and 100mL for HCT
- 6) If possible, please fax/email your submission form before sending the samples.

E - Please tick the audit monitoring tests that you require

Green shaded cells are required for the routine audit suite which comprises the check and table 3 parameters - these tests are the minimum. Cost of these tests is

\$1,064.00

All tests must be analysed at least 5-yearly and will cost a total of \$2,409

Parameter	Suite	Individual				Suite	
		Code	Test Limit	Price	Tick	Code	Price
1,2-dibromo-3-chloropropane	VOC	LS740	0.001 mg/L	\$110.00		LS740	\$330
